

# FREE ENERGY EFFICIENCY IMPROVEMENTS GRANTS

SAVE MONEY BY IMPROVING THE ENERGY  
EFFICIENCY OF YOUR HOME

Energy Efficiency Improvement Scheme Via - Energy Company  
Obligation (ECO) Local Authority Flexible Eligibility (LA FLEX).

Blaenau Gwent CBC welcomes the introduction of a new Home Improvement Scheme to help reduce fuel poverty by working with energy suppliers obligated under ECO. Funding is available from energy suppliers for owner occupiers and private rented tenants. Qualification of flexible eligibility in Blaenau Gwent is restricted to those in **fuel poverty** (spending more than 10% of income on household fuel).

The aim of the scheme is to install energy efficiency measures in properties that are currently energy inefficient, which in turn will help reduce household fuel bills. This is an opportunity, if your home qualifies, for potential improvements such as a new central heating system, upgrades to the existing heating system and/or insulation measures.

**For more information and an application form please contact one of the companies who are working in partnership with Blaenau Gwent to offer the scheme. These are the only companies that can offer LA ECO FLEX within Blaenau Gwent:**
