

Thursday 5 July 2012

Day 7 1000 hours
SESSION 14 TURNING HEADS – SECURING QUALITY DESIGN
(urban design, place making, heritage, environmental improvements)

1. What initiatives does the Plan include to promote place making? Does criterion (a) of Policy DM2 effectively stifle innovative development?
2. Should the Plan identify policies in connection with the control of advertisements?
3. How would roller shutters make a positive contribution to the street scene?
4. Does Policy DM18 place too much emphasis on the preservation of heritage that is not statutorily listed over the desire to promote regeneration?
5. Does the Plan provide an appropriate policy framework to assess development proposals in the borough's two conservation areas and any prospective conservation areas that may be created?
6. What is meant by the term "land reclamation schemes" in Policy ENV4? How will these schemes be funded? By way of example, is it appropriate to identify sites such as Llanhilleth Pithead Baths (ENV4.4) without a clear indication of what the reclamation scheme might entail and how it would be funded? Should this site be used for other purposes including tourism, heritage or other related uses?
