

# BLAENAU GWENT EDUCATIONAL PSYCHOLOGY SERVICE

 You can read this leaflet on your own or you can ask someone to help you.

## What do Educational Psychologists (EP for short) do?

The EP will try and help you and the people that know you well (at home and school/setting), understand how you:

Learn

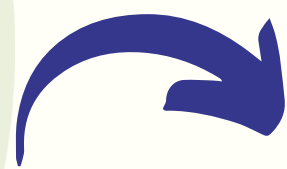

Get on with others

Manage feelings

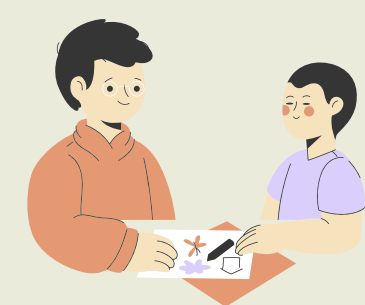

And what might help with these

## To find this out, the EP might:

Look at your work or join a lesson

Work with you on some tasks

Meet with you again to find out how things are going

# INFORMATION FOR CHILDREN AND YOUNG PEOPLE

## The EP might also:

Talk with you, your teachers and your parents/carers to find out more about:

What you find difficult

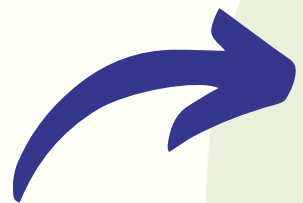

What you are good at

Things you don't like

Things you like

## After this...

The EP, you and the people who know you well will look for ideas to help and make a plan

This will be written down and shared with you, your family and school/setting

Name of Educational Psychologist:  
\_\_\_\_\_

Person to talk to in school:  
\_\_\_\_\_

We hope you enjoy working with the EP! You do not have to agree to meet with the EP. If you are worried about this you can talk to your family or teacher.
