

Land to the North of Winchestown Nantyglo

courtesy of Google Street view

Grid Ref: 318595 210898

Description:

The site is brownfield land and was previously used as a coal tip. It is located south west of Brynmawr in the residential area of Winchestown. Access to the site can be gained via Golf Road. The site is rectangular in shape and is surrounded on three sides by residential properties. Three garages are located at the western corner of the site. The land slopes gently upwards to the south and flattens out then falls away at an embankment.

Delivery Considerations:

There is currently a footway across the site which will need to be taken into consideration in the development of the site. The site has the potential to support protected species. The development proposal can be accommodated subject to improvements to the road fronting the north of the site. Transport infrastructure improvements may be required to ensure developments are highly accessible.

Further Information and Support:

The **Planning Department** provides a Planning Advice Service where more specific advice will be given on development proposals. Details of the service provided and the relevant charges can be found on the Blaenau Gwent website.

Blaenau Gwent Local Authority **Building Control** can oversee and guide your building regulation application in a quick, professional and responsive manner. Our service is extremely competitive. More information can be found on the Blaenau Gwent website.
