

Blaenau Gwent Business Productivity Enhancement Programme

The vision for the Blaenau Gwent Business Productivity Enhancement Programme is the creation of a vibrant, world-class high technology hotspot for Welsh-based manufacturing companies of all sizes spanning many key sub-sectors, including food, providing employment that is challenging, rewarding and valued.

The Blaenau Gwent Business Productivity Enhancement Programme will encourage SMEs with more than 10 employees to:

- **Future proof your business through becoming more efficient,**
- **Introduce new technology,**
- **Diversify your customer bases,**
- **Develop new products.**

Following a **FREE** productivity diagnostic of your company, a comprehensive support package will be offered. The support package will range from hands on implementation support, skills development, research & development, export, **GRANT SUPPORT** for capital expenditure and any other specialist interventions that are required.

If you would like to find out how your businesses might be able to take advantage of the support available under TECH Valleys then please book your slot via email to:
